PLEDGE OF ALLEGIANCE

The County Administrator introduced Robert J. Graham, Jr.:

Mr. Graham is a 1938 graduate of Perry Central School. He worked in Rochester after graduation until his enlistment on January 17, 1942, into the Army Air Corp. After his initial training, as a radio mechanic AAF, in Ft. Wayne, Indiana, he was transferred to the 1st Fighter Group in California. This fighter group was transferred to the Pacific theater of operations. Another fighter group was created and the entire unit was transferred to England. The 71st Fighter Group consisted of P38, twin engine fighters that were used to escort bombers to the European continent. These planes had internal problems. Once the unit was transferred to North Africa, this problem was rectified. The fighter squadron participated in the Air Offensive Europe, Algeria, French Morocco, Naples-Foggia, North Appennines, Northern France, Po Valley, Rhineland, Rome, Arno, Sicily, Southern France and Tunisia. Mr. Graham was Honorably Discharged on August 28, 1945.

For his service to his Country, Mr. Graham was awarded the Distinguished Unit Badge with two Oak Leaf Clusters, the European African Middle Eastern Service Medal and the Good Conduct Medal.

After his discharge, Mr. Graham married Gladys McBride and had four children, three daughters and one son. Mrs. Graham passed in 2013.

From 1951 to present, Mr. Graham has owned and operated his own farm, first by himself, and now with his son. He continues to plow the family farm at 95 years of age!

Robert J. Graham, Jr., led the Pledge of Allegiance.

PRIVILEGES OF THE FLOOR

1. JULIE MARSHALL – ECONOMIC DEVELOPMENT DIRECTOR - AMERICA’S BEST COMMUNITIES QUARTER FINALIST PRESENTATION

Ms. Marshall shared with the Board that Livingston County’s selection as one of America’s Best Communities. We are a quarter finalists in a competition that was sponsored by Frontier Communications, Dish Network, The Weather Channel and CoBank. This was an initiative that they started in the Frontier Communications footprint to stimulate throughout the country to recognize and stimulate economic revitalization in small towns and small communities.

We were one of fifty quarter finalist awarded. We competed against entries from 138 applicant teams representing 347 communities throughout the country. We were one of four counties that were selected as a quarter finalists and one of four in New York State. Of the other entries in New York State, one was downstate, Webster and Leroy-Bergen in our area. As a quarterfinalist we received a poster, \$50,000 to help us develop a comprehensive strategy to accelerate the revival of our local economy and the worked we are doing downtown to help us build on our downtown partnership program that has been very successful. As one of the 50 quarter finalist, we will then compete to be named as one of the semifinalists. There will be fifteen semifinalists. There will be \$100,000 awarded to the semifinalists to help implement the strategic plan we will put together. If we are selected as one of the top three communities, the purse is even bigger. First prize is \$3MM, second prize is \$2MM and third prize is \$1MM. She is hopeful that we at least get to the semifinalist round. We will be partnered with a mentor company to help us to develop this plan and then, hopefully implement the plan. Our mentor company is Corning Enterprises, which is relatively close to us. We will be meeting with them in the near future and it will be a very busy summer as we move forward with the competition. Thank you for your support.

Chairman Gott congratulated Julie Marshall. He doesn’t think that there is anyone in this room that does not realize that we are one of America’s best communities in Livingston County and this just goes to prove it.

2. UNDERSHERIFF MATT BEAN & ROBERT DUCLOS, C&S COMPANIES - LIVINGSTON COUNTY EMERGENCY COMMUNICATIONS SYSTEM UPGRADE PROJECT

Undersheriff Matt Bean Comments:

The Undersheriff asked all of the team members to stand and be recognized as he called their names. Project Management Team members:

Mike Bradley, Director Bill Mann, Dispatcher Randy Worden Emergency Management Office - Director Kevin Niedermaier; Emergency Medical Services - Director Karen Dewar County ITS - Dale Nieswiadomy (now retired); Planning Department - Director Angela Ellis, Financial support from Penny Trimm, Clerical support from Linda Shanks

Consultant Team being led by Bob Duclos from C&S Companies with additional project support provided by Intertech Associates.

Undersheriff Bean also recognized all of the additional help and support from Chairman Eric Gott, Supervisor Dan Pangrazio, Supervisor Jerry Deming, and Supervisor Pete Yendell.

Robert Duclos Comments:

Having one of America's best communities is a great segue and fits hand in hand with having very good public safety system. The project began in August 1014 when Livingston County received a sizeable grant from the State of New York to fund a good portion of the 911 system improvements. Mr. Duclos reviewed the existing conditions of the County system, the current status of the project, the proposed system, the contracting and funding mechanisms for the project and what the schedule and milestones are for moving forward.

The County currently has eight emergency communication sites scattered throughout the county. That equipment is quite old and antiquated and is in dire need of repair. Two of the sites that are currently utilized are privately owned towers and the County pays ongoing rent and lease costs. Another ongoing cost is that the system currently functions by transmitting data through leased connectivity. The new system will alleviate that cost. The fire community and the law enforcement community are operating on different radio frequency bands, which make communications between emergency responders in Livingston County difficult at times. It also results in there being areas of poor coverage throughout the county.

A quick summary of activities done since August – FCC license activities for the system have been ongoing. Coverage objectives have been identified. Coverage modeling has been performed to really provide a prediction of what the system coverage will be once the new system has been implemented compared to what we have today. The preliminary design report has been completed by the team. The schedule has been reassess based upon the progress of work completed to date along with routinely looking at the project costs to make sure that the plan being contemplated will fit within the allocated grant funds. A very significant milestone is that the RFP was been completed and released to radio system vendors in April with a due date of June 1 for proposals. Bids were also received at the end of April for tower, shelters and generator equipment related to the system. The SEQR process has been started as well.

The new system consists of rehabbing the existing sites with new equipment and three new sites will be constructed in Livingston County to improve coverage, provide modern and updated equipment for the system and to also get rid of the ongoing costs that the County is currently paying for the private towers being leased.

The overall objective from a coverage standpoint is to provide 95% portable radio coverage throughout Livingston County and also to have greater coverage for mobile radios. The objective that were outlined and for which the system has been designed is really consistent with what all of our neighboring counties have done as standard industry practice.

Part of the system will include a new microwave data connectivity system. This means that all of the data and transmissions that happen throughout Livingston County will be transmitted through a County owned data network. This will eliminate the need to pay data communication costs to private carriers on an annual basis.

Four consoles at both, the primary dispatch center and the backup dispatch center will be replaced through an improvement grant received from New York State. The emergency response community will be provided with new subscriber equipment to operate on the new system.

Contracting will be done by RFP for the radio system with bids being done for the other portions. The last contract will be let for site construction in the middle of this summer. Funding was received from two grants totaling \$6.3 MM, with a third grant application being submitted yesterday for \$3.5MM in funding for the project. This intent is to fund the project through the allotted grants received.

The equipment is scheduled to be installed in early 2016 and ready to go in the summer. Full foliage is needed to fully test the equipment. There was discussion on the Caledonia tower site lease.

The County Administrator recognized Sgt. Bradley on the hours, work and sweat he put into this project. All of the work he has done for the County over the years is very much appreciated.

- (d) Any conflicts among laws governing public access to records shall be construed in favor of the widest possible availability of public records.

Section 2 Designation of Records Access Officer:

- (a) The Livingston County Board of Supervisors is responsible for insuring compliance with the regulations herein, and designates the following person as records access officer:

Livingston County Administrator
 Livingston County Government Center
 6 Court Street, Room 302
 Geneseo, New York 14454
 (585)243-7040
 Email address: foil@co.livingston.ny.us

- (b) The records access officer is responsible for insuring appropriate agency response to public requests for access to records. The designation of a records access officer shall not be construed to prohibit officials who have in the past been authorized to make records or information available to the public from continuing to do so.

The records access officer shall insure that agency personnel:

- (1) Maintain an up-to-date subject matter list.
- (2) Assist persons seeking records to identify the records sought, if necessary, and when appropriate, indicate the manner in which the records are filed, retrieved or generated to assist persons in reasonably describing records.
- (3) Contact persons seeking records when a request is voluminous or when locating the records involves substantial effort, so that personnel may ascertain the nature of records of primary interest and attempt to reasonably reduce the volume of records requested.
- (4) Upon locating the records, take one of the following actions:
 - (i) Make records available for inspection; or,
 - (ii) Deny access to the records in whole or in part and explain in writing the reasons therefor.
- (5) Upon request for copies of records:
 - (i) Make a copy available upon payment or offer to pay established fees, if any, in accordance with Section 8; or,
 - (ii) Permit the requester to copy those records.
- (6) Upon request, certify that a record is a true copy ; and
- (7) Upon failure to locate records, certify that;
 - (i) The County of Livingston is not the custodian for such records, or
 - (ii) The records of which the County of Livingston is a custodian cannot be found after diligent search.

Section 3 Location:

Livingston County maintains several business locations. Persons seeking records should contact the Records Access Officer for the location of the records they are seeking.

Section 4 Hours for Public Inspection:

Requests for public access to records shall be accepted and records produced during all hours regularly open for business.

These hours are: **8:00 AM to 4:00 PM Monday through Friday**

Section 5 Requests for Public Access to Records:

- (a) A written request may be required, but oral requests may be accepted when records are readily available.

- (c) A response shall be given within five business days of receipt of a request by:
 - (1) informing a person requesting records that the request or portion of the request does not reasonably describe the records sought, including direction, to the extent possible, that would enable that person to request records reasonably described;
 - (2) granting or denying access to records in whole or in part;
 - (3) acknowledging the receipt of a request in writing, including an approximate date when the request will be granted or denied in whole or in part, which shall be reasonable under the circumstances of the request and shall not be more than twenty business days after the date of the acknowledgment, or if it is known that circumstances prevent disclosure within twenty business days from the date of such acknowledgment, providing a statement in writing indicating the reason for inability to grant the request within that time and a

- date certain, within a reasonable period under the circumstances of the request, when the request will be granted in whole or in part; or
- (4) if the receipt of request was acknowledged in writing and included an approximate date when the request would be granted in whole or in part within twenty business days of such acknowledgment, but circumstances prevent disclosure within that time, providing a statement in writing within twenty business days of such acknowledgment specifying the reason for the inability to do so and a date certain, within a reasonable period under the circumstances of the request, when the request will be granted in whole or in part.
- (d) In determining a reasonable time for granting or denying a request under the circumstances of a request, personnel shall consider the volume of a request, the ease or difficulty in locating, retrieving or generating records, the complexity of the request, the need to review records to determine the extent to which they must be disclosed, the number of requests received by the agency, and similar factors that bear on the ability to grant access to records promptly and within a reasonable time.
- (e) A failure to comply with the time limitations described herein shall constitute a denial of a request that may be appealed. Such failure shall include situations in which an officer or employee:
- (1) fails to grant access to the records sought, deny access in writing or acknowledge the receipt of a request within five business days of the receipt of a request;
 - (2) acknowledges the receipt of a request within five business days but fails to furnish an approximate date when the request will be granted or denied in whole or in part;
 - (3) furnishes an acknowledgment of the receipt of a request within five business days with an approximate date for granting or denying access in whole or in part that is unreasonable under the circumstances of the request;
 - (4) fails to respond to a request within a reasonable time after the approximate date given or within twenty business days after the date of the acknowledgment of the receipt of a request;
 - (5) determines to grant a request in whole or in part within twenty business days of the acknowledgment of the receipt of a request, but fails to do so, unless the agency provides the reason for its inability to do so in writing and a date certain within which the request will be granted in whole or in part;
 - (6) does not grant a request in whole or in part within twenty business days of the acknowledgment of the receipt of a request and fails to provide the reason in writing explaining the inability to do so and a date certain by which the request will be granted in whole or in part; or
 - (7) responds to a request, stating that more than twenty business days is needed to grant or deny the request in whole or in part and provides a date certain within which that will be accomplished, but such date is unreasonable under the circumstances of the request.

Section 7 Denial of Access to Records:

- (a) Denial of access to records shall be in writing stating the reason therefor and advising the requester of the right to appeal to the individual or body established to determine appeals, [who or which] shall be identified by name, title, business address and business phone number.
- (b) If requested records are not provided promptly, as required in Section 5 of these regulations, such failure shall also be deemed a denial of access.
- (c) The following person or persons or body shall determine appeals regarding denial of access to records under the Freedom of Information Law:

**Chairman of the Livingston County Board of Supervisors

 - (1) the date and location of requests for records;
 - (2) a description, to the extent possible, of the records that were denied; and
 - (3) the name and return address of the person denied access.
- (f) A failure to determine an appeal within ten business days of its receipt by granting access to the records sought or fully explaining the reasons for further denial in writing shall constitute a denial of the appeal.
- (g) The person or body designated to determine appeals shall transmit to the Committee on Open Government copies of all appeals upon receipt of appeals. Such copies shall be addressed to:
 - Committee on Open Government
 - Department of State
 - One Commerce Plaza
 - 99 Washington Avenue, Suite 650
 - Albany, NY 12231
- (h) The person or body designated to determine appeals shall inform the appellant and the Committee on Open Government of its determination in writing within ten business days of receipt of an appeal. The determination shall be transmitted to the Committee on Open Government in the same manner as set forth subdivision (f) of this section.

Section 8 Fees:

- (a) There shall be no fee charged for:
 - (1) inspection of records;

- (b) Copies may be provided without charging a fee.
- (c) Fees for copies may be charged, provided that:
 - (1) the fee for copying records shall not exceed 25 cents per page for photocopies not exceeding 9 by 14 inches, unless another statute provides for a different fee. This section shall not be construed to mandate the raising of fees where agencies or municipalities in the past have charged less than 25 cents for such copies;
 - (2) the fee for photocopies of records in excess of 9 x 14 inches shall not exceed the actual cost of reproduction; and
 - (3) an agency has the authority to redact portions of a paper record and does so prior to disclosure of the record by making a photocopy from which the proper redactions are made.
- (d) The fee an agency may charge for a copy of any other record is based on the actual cost of reproduction and may include only the following:
 - (1) an amount equal to the hourly salary attributed to the lowest paid employee who has the necessary skill required to prepare a copy of the requested record, but only when more than two hours of the employee's time is necessary to do so; and
 - (2) the actual cost of the storage devices or media provided to the person making the request in complying with such request; or
 - (3) the actual cost to the agency of engaging an outside professional service to prepare a copy of a record, but only when an agency's information technology equipment is inadequate to prepare a copy, and if such service is used to prepare the copy.
- (e) When an agency has the ability to retrieve or extract a record or data maintained in a computer storage system with reasonable effort, or when doing so requires less employee time than engaging in manual retrieval or redactions from non-electronic records, the agency shall be required to retrieve or extract such record or data electronically. In such case, the agency may charge a fee in accordance with paragraph (d)(1) and (2) above.
- (f) An agency shall inform a person requesting a record of the estimated cost of preparing a copy of the record if more than two hours of an agency employee's time is needed, or if it is necessary to retain an outside professional service to prepare a copy of the record.
