

**Year end report for the Town of Lima Highway Department
For the year 2011.**

A scope of activities for the Highway Department include Paving 1.5 miles on Dalton Rd. surface treating 3 miles of Road, a slightly above average amount of work for the county Highway Department including truing and leveling 1 mile of Livonia Center. We also completed landscaping at the new library addition and completely cleaned and painted the Town bridge on Cleary Rd.

During the year of 2011 The Highway Department also acquired A new 2012 Kenworth Ten wheel dump truck with a new plow, wing and sander to keep up with it's equipment and New EPA regulations. In the last month we have also ordered a new one ton Dump truck and plow to replace our older 2002 model.
