

ACTIVITIES REPORT 1/7/24
TOWN OF LIMA HISTORIAN
Karen Hanson-Fritz

I have been appointed the Town of Lima Historian effective 1/1/2024 by our Town Supervisor, Mike Falk. I have been familiarizing myself with the duties of the Town Historian as well as setting up all that is needed to carry out those duties. Additionally, I have been busy going through the historian's files and the saved materials at our Town Hall.

My goals and aspirations as the Town Historian are to share Lima's history with our community, neighboring communities and school age children. I plan to write and publish monthly articles regarding Lima's rich history in local newspapers and publications. I also aim to work in coordination with our local schools regarding education of Lima's history.

I will be available for any inquiries or questions regarding anything to do with Lima's history. That may be questions about ancestors, house and business histories, general history including the Native Americans who lived on this land prior to our settlement here. This is not an exhaustive list by any means. I will do my best to research all inquiries in a timely manner.
